ACKNOWLEDGEMENT

I would like to express my heartfelt gratitude to all those who have supported me throughout the journey of my research project titled 'NGS – Precision Medicine Toolkit: A Comprehensive User – Friendly GUI for Next – Generation Sequencing (NGS) in the context of Precision Medicine.'

Firstly, I extend my sincere thanks to Dr. Ratna Sharma (The Principal, of Guru Nanak Khalsa College of Arts, Science & Commerce (Autonomous)) and Dr. Gursimran Kaur Uppal (Head of Department of Bioinformatics), for fostering an environment that encourages exploration and creativity. Your leadership and vision have created a space where students can thrive and pursue their academic interests with passion.

Next, I would like to acknowledge the unwavering support of my guide, Prof. Sermarani Nadar, whose invaluable guidance, expertise, and encouragement have been instrumental in shaping this project. Your insights into the complexities of the field have not only enriched my understanding but have also inspired me to explore innovative solutions. Your dedication to teaching and your willingness to share your knowledge have provided me with a solid foundation in both theoretical and practical aspects of this research. I would also like to extend my heartfelt gratitude to Prof. Aparna Patil Kose, whose knowledge and support were instrumental in my academic growth.

I am also grateful to my peers and colleagues who contributed their insights and feedback during various stages of this project. The collaborative spirit within our department has made this research experience enriching and enjoyable.

Lastly, I would like to thank my family for their unwavering support and encouragement throughout this journey. Your belief in my abilities has been a constant source of motivation. This project is a culmination of collective efforts, and I am deeply appreciative of everyone who played a role in its progress.
